Important reminders

A close-up photograph of a hand holding a pen over a white notepad. A yellow sticky note is attached to the notepad with the text 'Rudnik' and 'M - KAZAR' written on it. The background is a wooden surface. The image is partially obscured by large, semi-transparent blue and purple circular shapes in the top-left and bottom-left corners.

ABOUT ZILLENNIAL MAG

Our millennial side pushes us to get involved and do more for our community. We are by no means experts on any of the topics we write about, we're just curious people who talk about anything our mind revolves around, from organic hair care to political and cultural issues. We don't claim to know the truth or have all the answers, but we are open and willing to learn. We generally believe it's more important to listen than to speak, and we are not trying to tell you what to think, but rather want to provide a starting point for conversations and further research.

Currently we focus on the 4 key categories below.

If you're interested on writing about something else, please let us know.
